START
WITH YOUR
HOROLOGICAL
SMARTWATCH

Alpina

1883 GENEVE

1
GET THE APP

Download the MMT-365 App
for iPhone® or Android.

Available on the **App Store**

ANDROID APP ON **Google play**

MMT-365

2
ACTIVATE BLUETOOTH
ON YOUR PHONE

3
FOLLOW THE INSTRUCTIONS

within the app to pair your watch and set your goals.

PAIR YOUR WATCH

WITH THE MMT-365 APPLICATION

To pair your watch, launch the MMT-365 application and touch the watch icon in the upper right corner of the screen. Press the crown on your watch to wake up the Bluetooth radio, then press the "start" button in the app screen. Keep your watch close to your phone during the pairing process. You will be prompted to push the crown on your watch one more time to complete the pairing.

Aucune SIM 01:26

Make sure your watch is charged and nearby.

Press the crown to ensure it's ready, then press the start button below.

SWISSCONNECT MESSENGER

SwissConnect Messenger was especially created to grant an exclusive access to one's Horological Smartwatch by family and friends. For example, a mother and daughter could easily communicate and keep in touch by authorizing each other to send vibrating alerts to their connected watches.
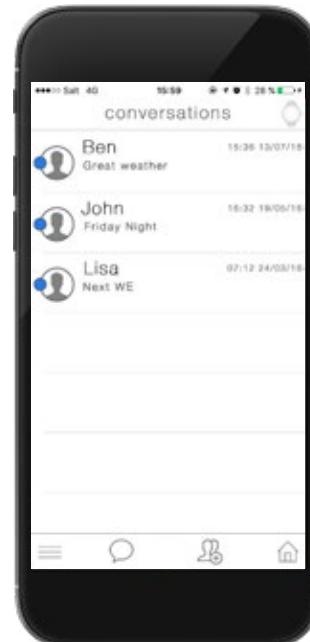

SWISSCONNECT MESSENGER works like typical sms/messenger applications. please see **www.swiss-connect.ch/messenger** for more information.

FUNC TIONS

HOROLOGICAL
SMARTWATCH

Alpina
1883 GENEVE

ALWAYS ON-TIME
& DATE

You never have to set a time and date - traveling across time zones, the Alpina Horological Smartwatch picks up the time from your smartphone and displays new time automatically.

ACTIVITY
TRACKING

Keep track of daily steps, calories burned, and total distance.

SLEEP
MONITORING

Wear your watch at night or put it under your pillow to record your sleep. Sleep Monitoring function provides details on how much time you spent in deep sleep, light sleep, or awake.

SMART SLEEP ALARMS

Set a smart sleep alarm that will help you to wake up at the best appropriate time in your sleep cycle so that you wake up refreshed.

GET ACTIVE ALERTS

Set an alert to remind you to move if you've been idle for a set amount of time. Customize your Get Active Alert from the MMT-365 app.

DYNAMIC COACH

Get suggestions, tips, and information catered specifically to you based on your activity and sleep goals.

WORLDTIMER

The new version now includes a world timer function, displaying a chosen second time zone (hometown).

Alpina
1883 GENEVE

CLOUD

Recover all of your data, even if you lose your watch or phone. The Horological Smartwatch independently stores your activity and sleep up to 30 days without having to synchronise it to your smartphone. A great way to collect and keep your data on-the-go!

Alpina
1883 GENEVE

2+/4+ YEARS
BATTERY LIFE

Your Alpina Horological Smartwatch is a real Swiss watch in its pure tradition. Your timepiece features an electronic movement with 2+ years battery life for AL-285/AL-281 pieces and 4+ years for AL-282 references.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment dœs cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced technician for help.

NOTICE

This device complies with Part 15 of the FCC Rules and with Industry Canada license-exempt RSS standard(s).
Operation is subject to the following two conditions:
1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

NOTICE:
Changes or modifications made to this equipment not expressly approved by ALPINA SA may void the FCC authorization to operate this equipment.
